The DSF Literacy Clinic in Albany provides specialised teaching support for children.

Our DSF specialist teachers are trained in evidence based teaching approaches, designed to improve students’ literacy skills.

The **Booster Course** offers an opportunity for kids to improve their literacy skills through fun reading and games while still following the structure of a linguistic phonics program. The course will consist of **five 45-minute sessions**, one per day. Students will be grouped according to their age and literacy ability. The classes will take place from:

**Monday, 11th July 2016 – Friday, 15th July 2016**

**Session times**
